Note: List of community portals, blogs books and open resources that will keep you warm and busy in long, lonely winter nights ;)

## Community portals:

- [Software quality assurance Bulgaria](#) Fb group for the Bulgarian testing community. Ping me for adding you there or just apply. Mainly people use it to ask work related questions or arrange QA beers :)
- [Ministry of testing](#) - community portal - videos, courses, blogs, forums related to testing.
- [Ministry of testing blog feed](#) - feed that's regularly from 500+ testing blogs
- [Utest](#) - Community portal + crowdtesting platform.
- [Dev BG](#) - Bulgarian user group-driven community, organizing free events monthly.

## Books about software testing:

- [Must read books in software testing](#) - good list of books in software testing, some of them not directly related, but very useful. If you are confused where to start, just ask me.
- [Lessons learned in software testing](#) - very good introduction to testing
- [How to test by Mike Talks](#) - free testing book written by a colleague from New Zealand, you only need Leanpub account(free).
- [Gerald Weinberg's books](#) - the guy has 40 or 50 years of experience as IT consultant, I strongly recommend the "Quality software" and "System thinking series"
- Actually there's many more, so If you finish these, get back to me, I have almost unlimited supply of book headings ;)

## Twitter:

Twitter is preferred place by testers worldwide to share thoughts, community events, blog posts.

[Here's a good list](#) of about 100+ people to follow on Twitter.

## Podcasts:

- [Test talks by Joe Colantonio](#) - free podcast, mainly for test automation. Has a mobile app for offline listening, really useful.
- [Quality remarks by Keith Klain](#) - another free podcast, created by Keith Klain
- [Testing in the pub - by Dan Ashby](#)
- [Super testing bros](#) - another free podcast

## Free testing magazines:

All of them are online, with a two-month release.

- [Tea time with testers](#)
- [Testing planet](#)
- [Testing trapeze](#)
- [Women testers](#)
- [Testing circus](#)
